

Good afternoon Mr. Aldrich!!!

I hope all is well with you and yours, and most importantly, that you're relaxing and enjoying the last few weeks of summer before Labor-Day weekend.

I would like to take this opportunity to say "**Thank You**" for the last three years and four amazing "Summer Camp with Grab the Torch". We have seen the exceptional growth opportunity that Diamante has been privileged to, ever since you extended her your very first invitation to your camp. It goes without saying that we will always keep "Grab the Torch" close to our heart, with never-ending gratitude.

We are extremely proud of her, as we can see that she takes to heart all the knowledge she gained as a camper. Her certificate for "Leadership, Ethics and Philanthropy" speaks volumes. I also want to let you know that it's been a huge honor and privilege for her to represent **The Young Women's Leadership Network**, at your camp, and I truly hope we can help continue with the work you have started. I have included Ms. Remy, our TYWLS of Brooklyn Middle School Counselor, who in fact saw in her the potential to meet the challenge, and promote this amazing value system. **Mr. Aldrich we are so grateful for your generosity!!!**

I thank you again for all you do, for your kindness and unyielding generosity. We promise to keep in touch. Enjoy the rest of your summer.
