

Dear Dave,

No letter or words can describe the overwhelming gratitude for you, for giving me the ultimate gift of Grab The Torch. Traveling for another three weeks after going to Maine gave me a lot of time to reflect on what I learned and how I can translate it into my own life. Grab The Torch gave me a whole new level of self-confidence and ambition.

When the people around me ask about it, all the faces of Grab The Torch come into my mind and remind me of all the friendship, leadership initiative, knowledge of giving in a corporate setting and love that I gained at the camp. It gave me the initiative to go take what I want, which helped me sign up for the marketing/DECA team at my school. I feel overwhelmingly prepared for being a leader and setting goals for myself and I have you to thank for all of this. Your generous spirit, and welcoming heart taught more than can be put into words. I can only hope that I can return and learn more about myself, my passions, and the power that I can share with the world.

You have helped me make my dreams a reality and that gift will help me carry me so much further than I ever imagined. Thank you so much, I will continue to keep in touch and share the gifts that Grab The Torch gave me forever.

Sincerely,

Maddy
