

Dear Mr. Aldrich,

First off, I want to thank you for presenting the Westover girls and I with this amazing opportunity to share our experience with those attending the Intern Conference at Harvard School of Ed. Unfortunately, I will not be able to take part in this presentation, but I hope to keep in touch and share my GTT experience in the future. I also want to thank you for allowing me to attend the Grab The Torch Camp. From Fingerprints to having an incredible experience at the Hole in the Wall Gang Camp to learning about youth philanthropy with Luana Nissan to listening to Margaret McKenna, the Former President of Wal-Mart and Lesley University, successful life story to setting goals with Eric to visiting your aunt and uncle's beautiful house and speaking with her to meeting the woman that is making it happen for the Westover girls, Charlotte Beyer, to climbing the shrouds on The Mystic and conquering my fear of heights was truly an experience of a lifetime. The skills that were taught to me at the GTT Camp will be held onto forever. I cannot thank you enough for all you've done for not only me, but the Westover girls.

Thank you so much. Please keep in touch.

P.S. It was truly "serendipitous", like you said, to run into you at Westover the other day. It definitely was the highlight of Nola and I's day. We could not stop talking about how awesome it was. We called our parents right away saying "O my gosh you'll never guess who we just ran into." Thank you for having such a long lasting impact on all of us.

Thank you so much again.

Zulma
